DEPARTMENT OF PHYSICS

Department of Physics is pleased to announce an upcoming event aimed at popularizing Physics and demonstrating various fascinating experiments in the Physics lab. This event will be an excellent opportunity to learn more about the enigmatic world of Physics and to witness the practical applications of theoretical concepts.

The event will be held on 6th March 2023, starting at 2:00 PM onwards and will take place in the junior college Physics lab first floor, Mithibai college. During the event, you will have the chance to witness various experiments and demonstrations performed by our experienced Physics faculty. You will also have the opportunity to ask questions and interact with the professors and other students.

The event is open to all junior college students who are interested in Physics. This event is an excellent way to spark your interest in Physics, and we hope to see many of you there.

After the demonstration, a session on career guidance will be conducted. Interested students may join.

We look forward to seeing you at this exciting event!
